Farming in Protected Landscapes End of Year Report 2022 - 2023

YORKSHIRE DALES National Park Authority

Business Name, Town	Grant Awarded	Total Project Cost	Project Start Date	Project End Date	Project Description
The Farmer Network, Penrith	£18,000.00	£18,000.00	01/06/22	31/03/23	Providing training vouchers (covers 50% cost of training) to 25 farmers in the Yorkshire Dales. The courses include safe use of Pesticides and use of equipment such as ATVs, telehandlers and chainsaws. They may also include animal husbandry courses such as shearing and foot trimming and courses to develop land management skills such as hedge-laying and woodland management. The scheme helps young farmers learn how to carry out critical tasks both legally and safely whilst improving their skills, employability and their ability to offer contract services to other farmers. The training also helps reduce the impact of farming activities on the environment – particularly the safe use of pesticide courses. Delivering 8 workshops over 2 years. applying for funding for a series of knowledge exchange workshops for farmers in the Yorkshire Dales. These will be focused on enhancing their knowledge and skills on managing the farmed environment, engaging with the public and reducing the impact of climate change.
