Appendix

Member Champion – Recreation Management

I have been in this role for 3 years, and I am happy to continue in the role for a further term if Members are supportive of this.

The role has been enjoyable, and a good way for me to better understand the work of the Authority. I have enjoyed contributing to and learning about various different workstreams including relating to Garsdale-Hawes, Coast to Coast, the Active Travel Plan, visitor services, access improvements and greener car parks. I have also found it insightful to attend Member Champion meetings to learn more about what other Member Champions are experiencing in their respective areas.

It is an area I am interested in and is relevant to my professional skills and knowledge as a landscape architect. I would welcome the opportunity to support delivery of the objectives in the new National Park Management Plan over the next few years.
