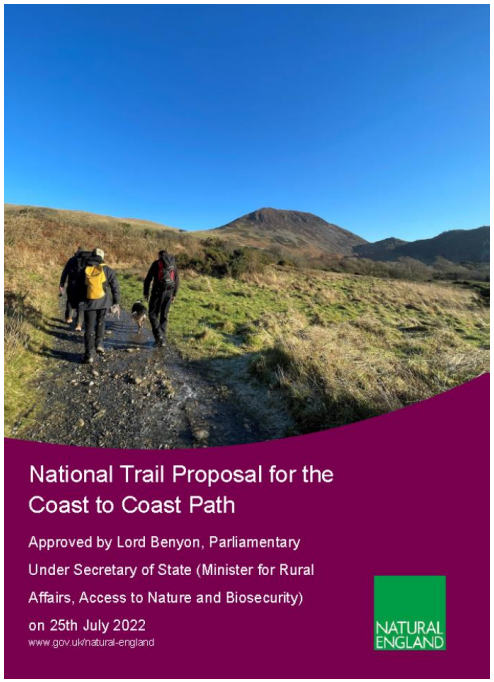
- Suzannah Barningham
  C2C Support Officer

A brief reminder …



Department of Environment, Food and Rural Affairs (DEFRA)

Approved designation of the route (in 2022), oversight and reporting.

Natural England

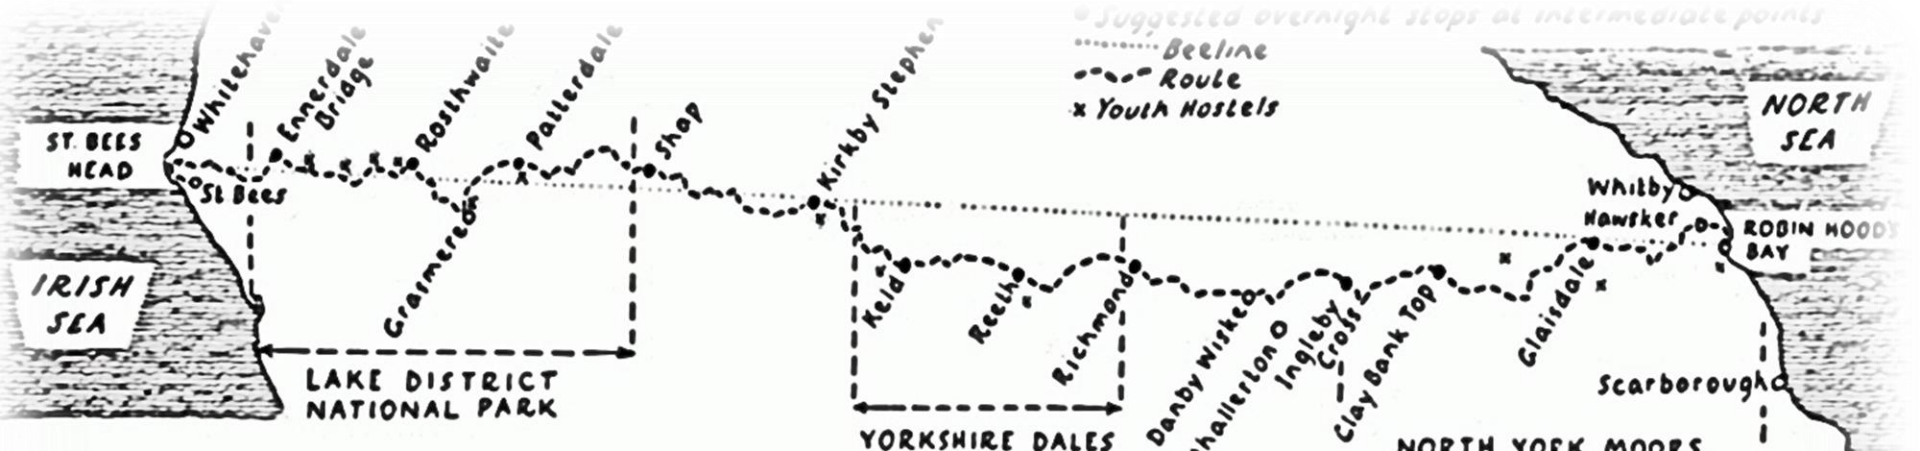
Prepared and submitted route

Management and oversight of delivering the designated route

Budget provision for establishment and maintenance

Local or Highway Authorities (6)

Cumberland Council, Lake District NPA, Westmorland and Furness Council, Yorkshire Dales NPA, North Yorkshire Council and North York Moors NPA - Implementation



Legal work

In brief, we will:

- Aim to establish ‘missing links’ as public rights of way with highest status achievable

- Create new paths along the designated line unless an alternative route is desirable – Creation Agreement, Creation Order, Diversion Order.

- Two diversion orders have been confirmed (Cleasby & Rampsholme) with a further two Crackpot and Ney Gill to be advertised in the next couple of weeks.

- X3 Creation agreements in final stages

Signage

We have:

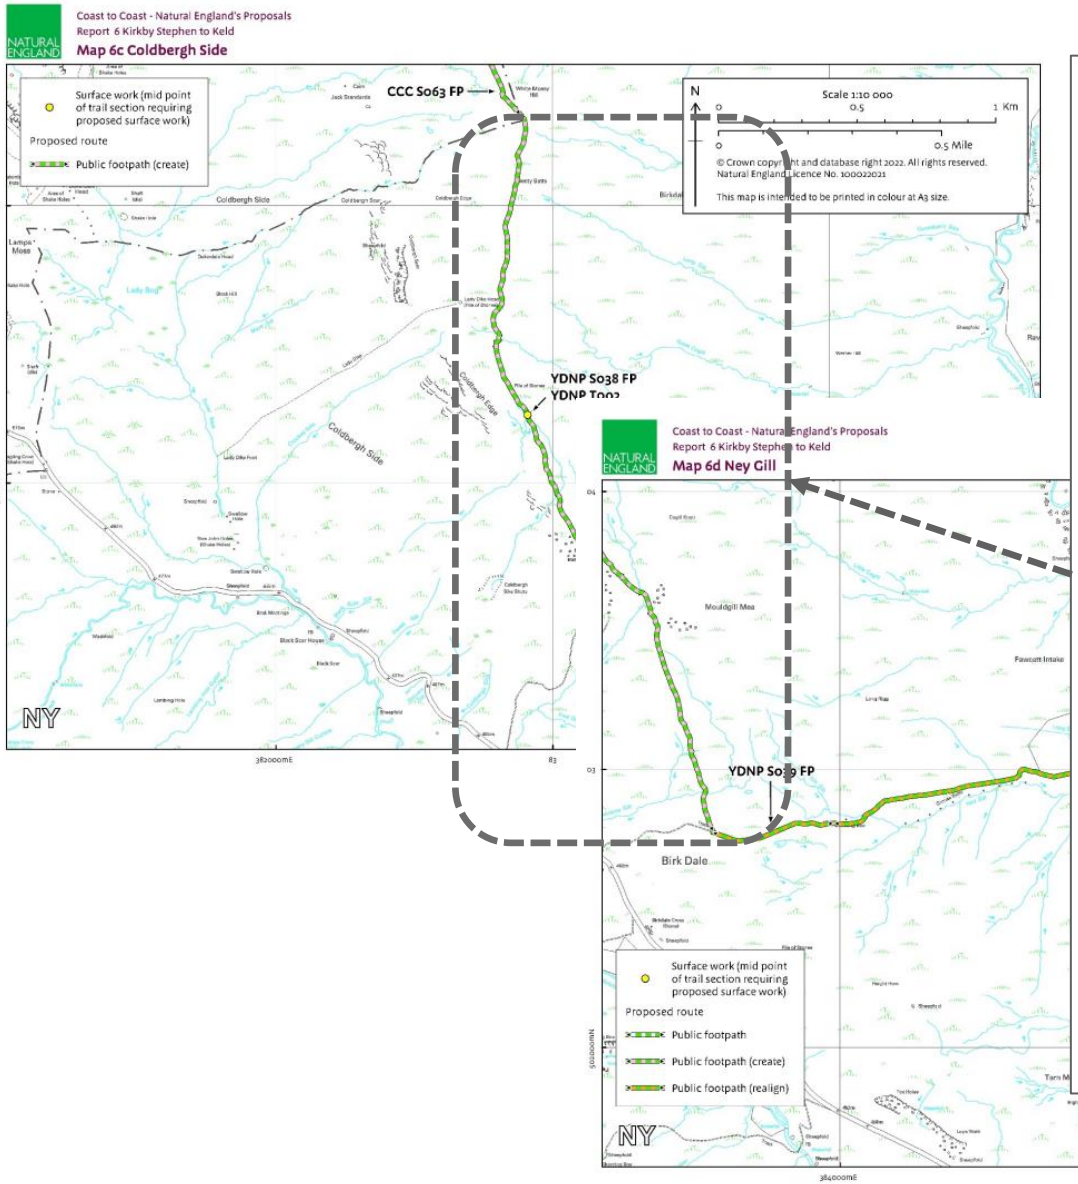
- Reviewed works along route and cross-referenced our internal QGIS with the infrastructure works.

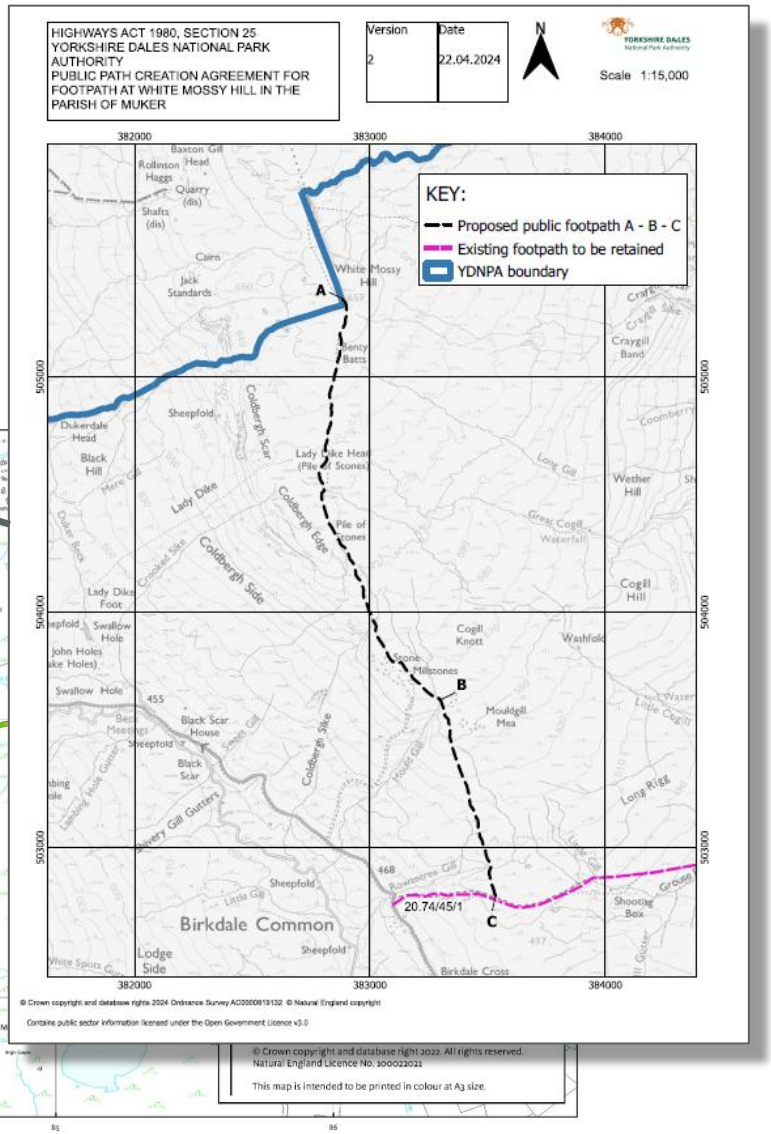
On site or completed:

- Signage has started to be installed and is now under production in the workshops, all signage not affected by legal orders is due to be installed by Spring 2025.

White Mossy Hill

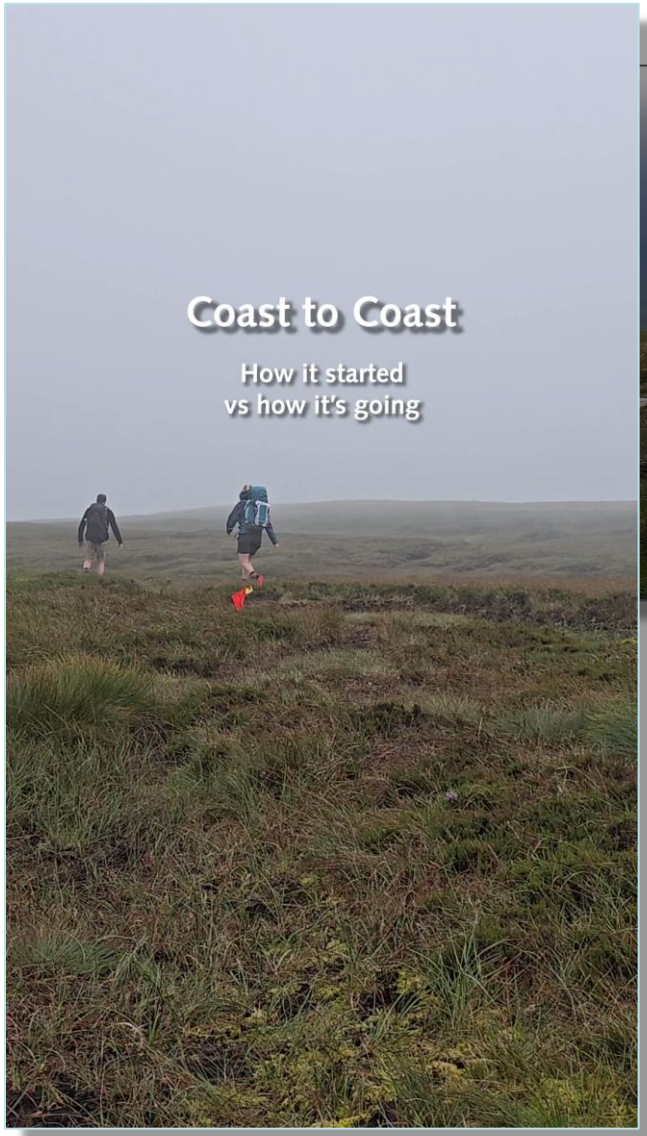
YORKSHIRE DALES
National Park Authority





White Mossy Hill

YORKSHIRE DALES
National Park Authority



- 2.9km of resurfacing works, flagging, board walks and pedestrian bridges.
- Works scheduled for completion in 2026.
- 850 linear metres currently laid

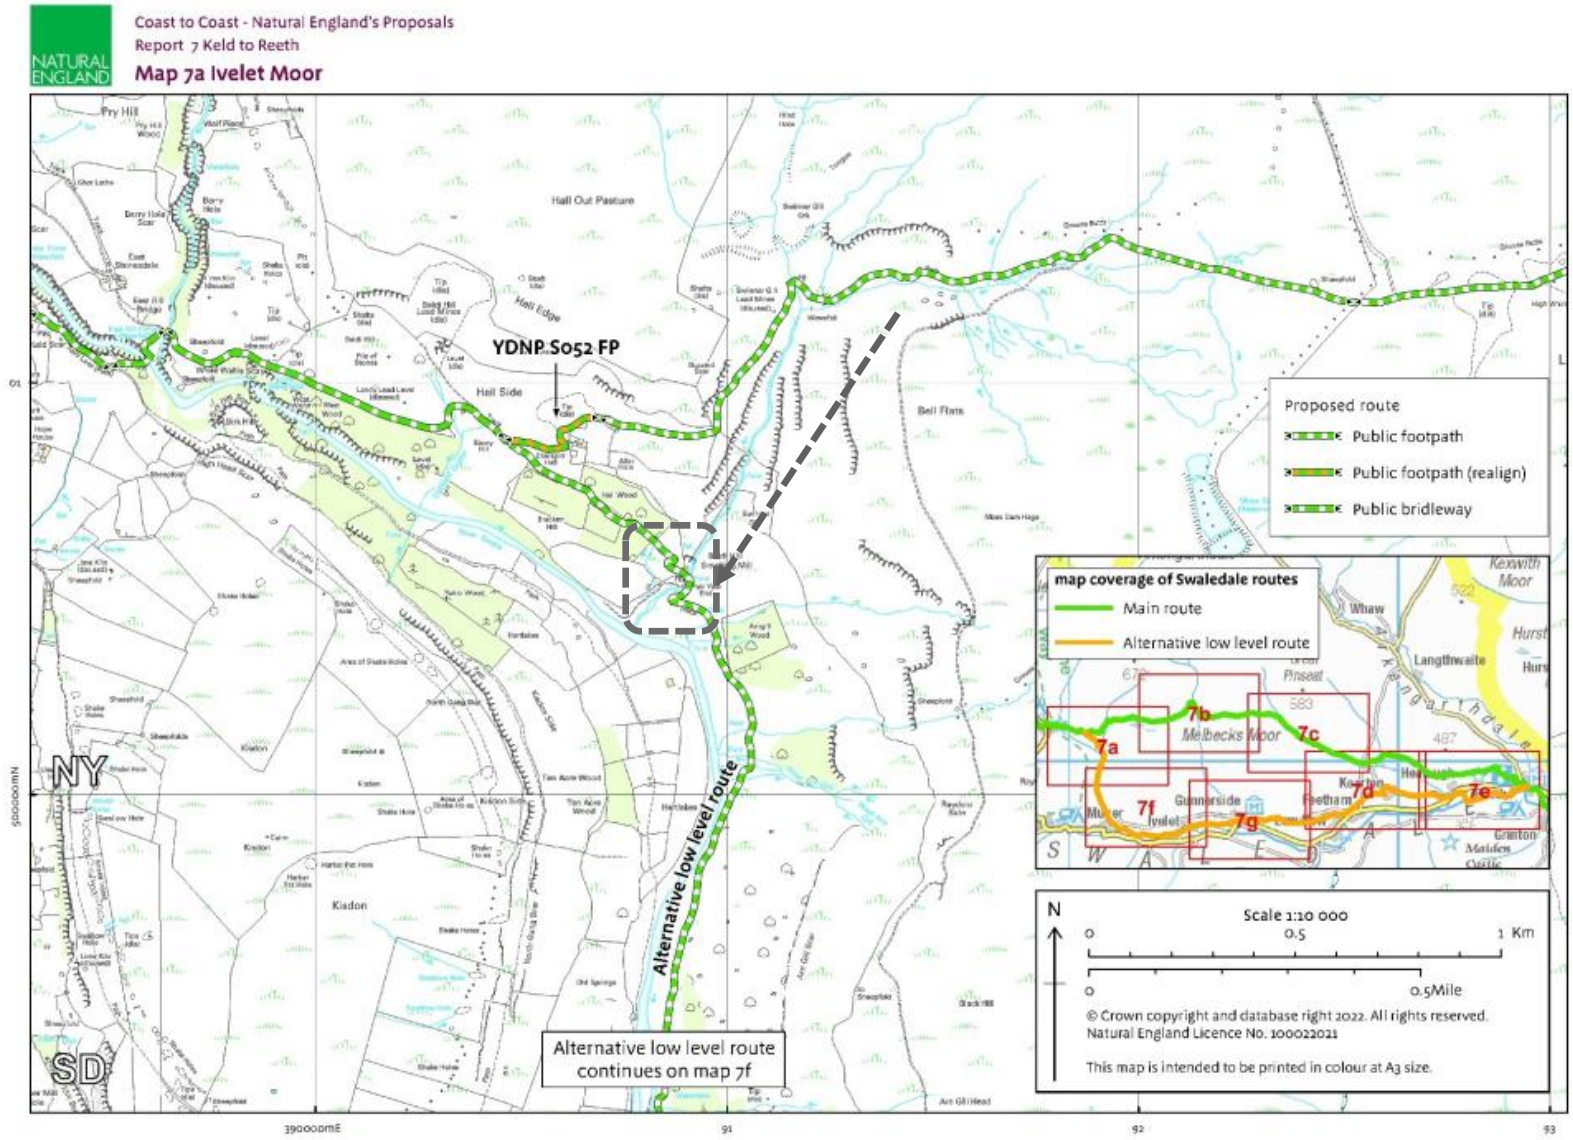
National Park Authority



YDNPA Next Steps

- Review full delivery programme and timescales.
- Complete works at White Mossy Hill.
- Continue legal work with stakeholders on specific challenges on parts of the route.
- Complete signage rollout.
- Continue liaising with Natural England, commencing discussions on future management and maintenance arrangements.
